

## VHS Wrestling Booster Club, Inc.

Dear Wrestling Supporter,

The Valencia High School wrestling team is a self-supporting athletic team and as a means of funding the VHS Wrestling Team we have formed the VHS Wrestling Booster Club, Inc.

VHS Wrestling Booster Club is a California non-profit corporation and recognized public charity organized specifically to raise funds to support the operations of the VHS Wrestling Team. These expenses include: uniforms, tournament fees, transportation, and district coaching fees.

The VHS Wrestling Team is beginning its third season coming off a championship second season winning the Tri-Valley League – undefeated!

Wrestling is a team sport and an individual sport. Last season our team consisted of 22 boys and girls ages 13-18, growing from 18 boys and girls in the previous season. We hope to grow participation this season by 5-10 additional student-athletes. Wrestling is for student-athletes of all sizes and weights, ranging from 100 pounds to 285 pounds, each competing in their own appropriate weight class. Unlike many team sports, every wrestler participates in every league meet and tournament; no one sits on the bench. The sport of wrestling builds physical fitness, self-discipline, mental and physical agility, goal setting, tactical and strategic thinking, team building, sportsmanship, and self-confidence. Our wrestlers are dedicated to work hard, being good representatives of our community, and building skills and discipline that will help them be successful and productive adults.

We are requesting financial support in sponsorship levels of \$250, \$500, and \$1000. Each sponsor will have a banner, hung in the gym during the season (October to March). The size of the banner is commensurate with the level of sponsorship. If you wish to make a different donation or a personal donation, all donations and sponsorships are deductible as a charitable donation and are greatly appreciated. Receipts will be provided.
